EDUCATION

Haldia Institute of Technology

B.Tech in Computer Science & Engineering (Cyber Security)

Aug 2023 – May 2027

CGPA: 8.02 / 10

Relevant Coursework: Data Structures & Algorithms, Operating Systems, DBMS, OOP, Machine Learning

TECHNICAL SKILLS

Languages: Java, Python, C, JavaScript

CS Fundamentals: Data Structures & Algorithms, OOP, DBMS, Operating Systems

Web: React.js, HTML5, CSS3, REST APIs

Machine Learning: Scikit-Learn, Pandas, NumPy, Matplotlib, Seaborn

Tools: Git, GitHub, Linux, VS Code, Streamlit Cloud

PROJECT EXPERIENCE

IRIS Predict – ML Classification Web App

Python, Scikit-Learn, Streamlit

github.com/amrit100612/IRIS_Predict

- Achieved **96% classification accuracy** using supervised ML techniques on the Iris dataset.
- Engineered preprocessing pipeline with feature scaling and train/test split validation.
- Benchmarked multiple classification models (KNN, SVM, Decision Tree) to optimize performance.
- Built interactive Streamlit interface for real-time inference and visualization.

Weather Detecting Web Application

JavaScript, REST API, HTML5, CSS3

github.com/amrit100612/Weather

- Developed real-time weather dashboard using WeatherAPI.com REST API integration.
- Implemented asynchronous JavaScript (async/await) for non-blocking API calls.
- Added geolocation-based auto-detection for personalized weather data.
- Designed responsive UI displaying temperature, AQI, humidity, and weather conditions.

CipherX – Encryption/Decryption CLI Tool

Python, Cryptography

github.com/amrit100612/CipherX_404

- Designed modular CLI-based encryption system using custom cryptographic transformation logic.
- Implemented bidirectional encryption/decryption workflow with input validation and error handling.
- Strengthened applied cybersecurity knowledge through hands-on secure coding practices.

LEADERSHIP & EXPERIENCE

Class Representative – CSE (Cyber Security)

Aug 2023 – Present

Haldia Institute of Technology

- Representing **60+ students** as primary liaison between faculty and administration.
- Organized academic workshops, technical events, and departmental initiatives.

Public Relations Team Member – TaruGuardians

Jan 2024 – Present

Environmental Awareness Organization

- Managed outreach campaigns increasing environmental awareness and student engagement.
- Coordinated event promotions, social media drives, and student participation initiatives.

ACHIEVEMENTS & CERTIFICATIONS

- **Deloitte Australia Cyber Security Program** (Forage, 2024) – Completed virtual industry simulation.
- **Hacktoberfest 2024** – Earned Level 4 Badge through open source contributions.
- **GirlScript Summer of Code 2025** – Active contributor on Project: GrowCraft.
- Consistent DSA problem solving on LeetCode with focus on Arrays, Strings, and Binary Search.
